

Campaign Summary

2014 UNITED WAY CAMPAIGN

The University of Miami's annual United Way campaign is on of the ways in which we demonstrate our deep commitment to the Miami-Dade community. Service to our community is a central part of our mission, and our partnership with the United Way is an opportunity for our faculty, staff, and students to get involved.

Our 2014 campaign was exciting, fun, innovative, and productive. With more than 3,900 faculty and staff generously contributing, we raised over \$1 million. Our contributions will further the efforts of many community agencies as they impact lives through programs focused on improving education, financial stability, and health.

As the 2014 United Way Campaign Chair, I extend my appreciation and thanks to every member of the UM team who participated in a fundraising event, made a payroll deduction pledge, or made a one-time gift. Every contribution makes a difference. Our campaign was a team effort, and the success was due to the dedication and commitment of a host of school-, college-, and department-based Ambassadors who planned events and encouraged participation among their colleagues. Thank you to all of the Ambassadors and department leaders who supported our campaign.

I am proud to have served the University and our local community as the TeamUM United Way Chair for 2014 and look forward to 2015. Thank you for the opportunity to serve.

All the best,

Larry Marbert

Vice President for Real Estate and Facilities United Way 2014 and 2015 Campaign Chair
